

DWI Tracking System

Captain Brad Jones

**Director, Traffic Records Division
Missouri State Highway Patrol**

Ron Beck

**Manager, Information Systems Division
Missouri State Highway Patrol**

What is DWITS?

- A browser based application and statewide repository to collect, store, and share alcohol related driving arrest, prosecution, and court information.
- Available only to authenticated criminal justice agencies.

Project Scope

- Develop DWITS without significant initial or recurring financial impact to any agency - state or local
- Apply to current and planned processes

Project Milestones

- March 2001 – Needs Assessment
- September 2002 - DWI Initial System Study
- March 2003 - Requirements Definition
- April 2003 - Design
- October 2003 – Prototype
- July 2004 - UAT
- January 2005 – Implemented MSHP
- February 2005 – Implemented Statewide.
- 2006 & 2007 – System enhancements

Stake Holders

- Agencies involved since initial JAD sessions
 - Local, County, and State Law enforcement
 - Municipal and state prosecutors
 - Municipal and circuit courts
 - Department of Revenue
 - Department of Mental Health
 - Office State Courts Administrator
 - Office Prosecuting Services
 - Office Information Technology
 - State Troopers Association
 - Division of Highway Safety

System Components

- Administration (MSHP Traffic, ISD)
- Arrest (Municipal, County, Troop LEA)
- Prosecution (Municipal, County)
- Adjudication (Municipal, County)
- Query (LEA, Prosecutor, Court, P&P)
- Data Archives

Technology Serves Agency Needs

- Web Application
- RMS & System Interfaces

St Louis REJIS

Kansas City ALERT (production pending)

Boone County

MRMS

Prosecutor Case Management (Summer 07)

DOR

JIS

MULES

Comprehensive DWI Information

- Charge (arrest, amended, final)
- Arrest Location
- Name
- Sex / Race / Height / Weight
- Last Known Address
- OLN
- Accident / CDL / CMV Indicators
- Vehicle information
- Scheduled Court Date
- Fine Amount
- BAC Results

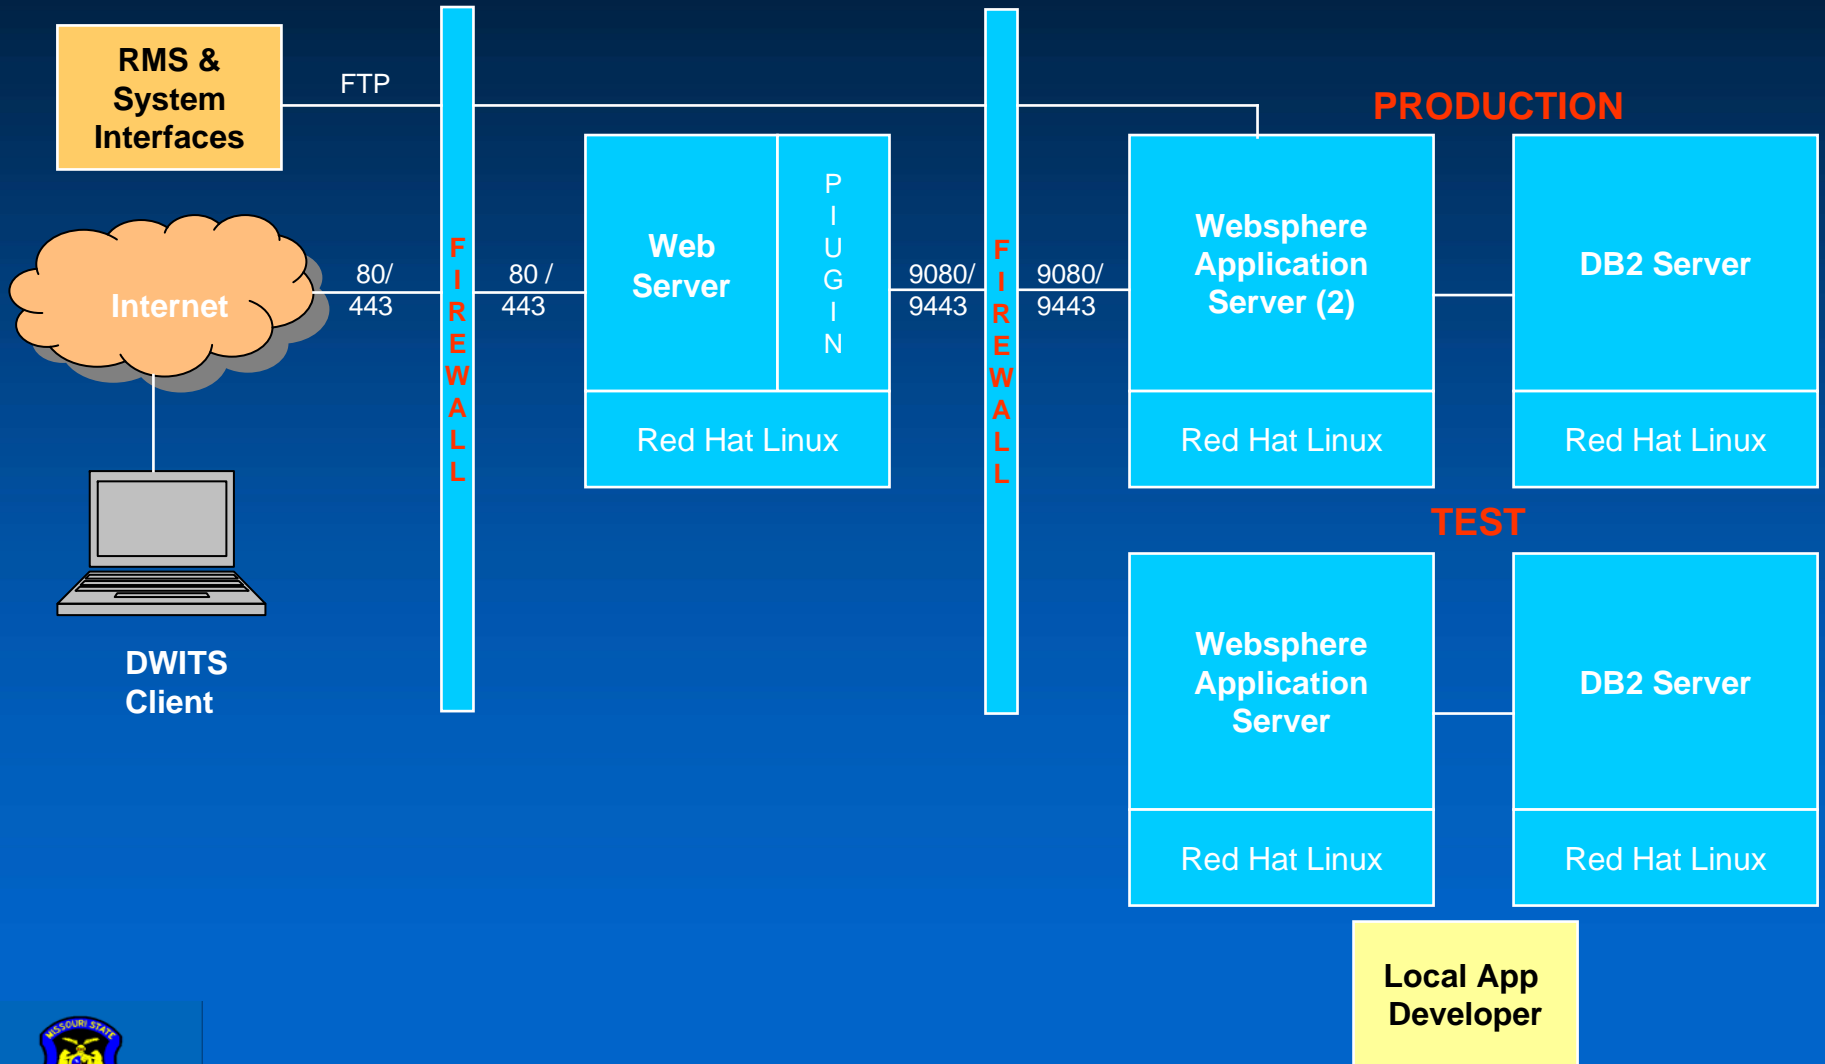

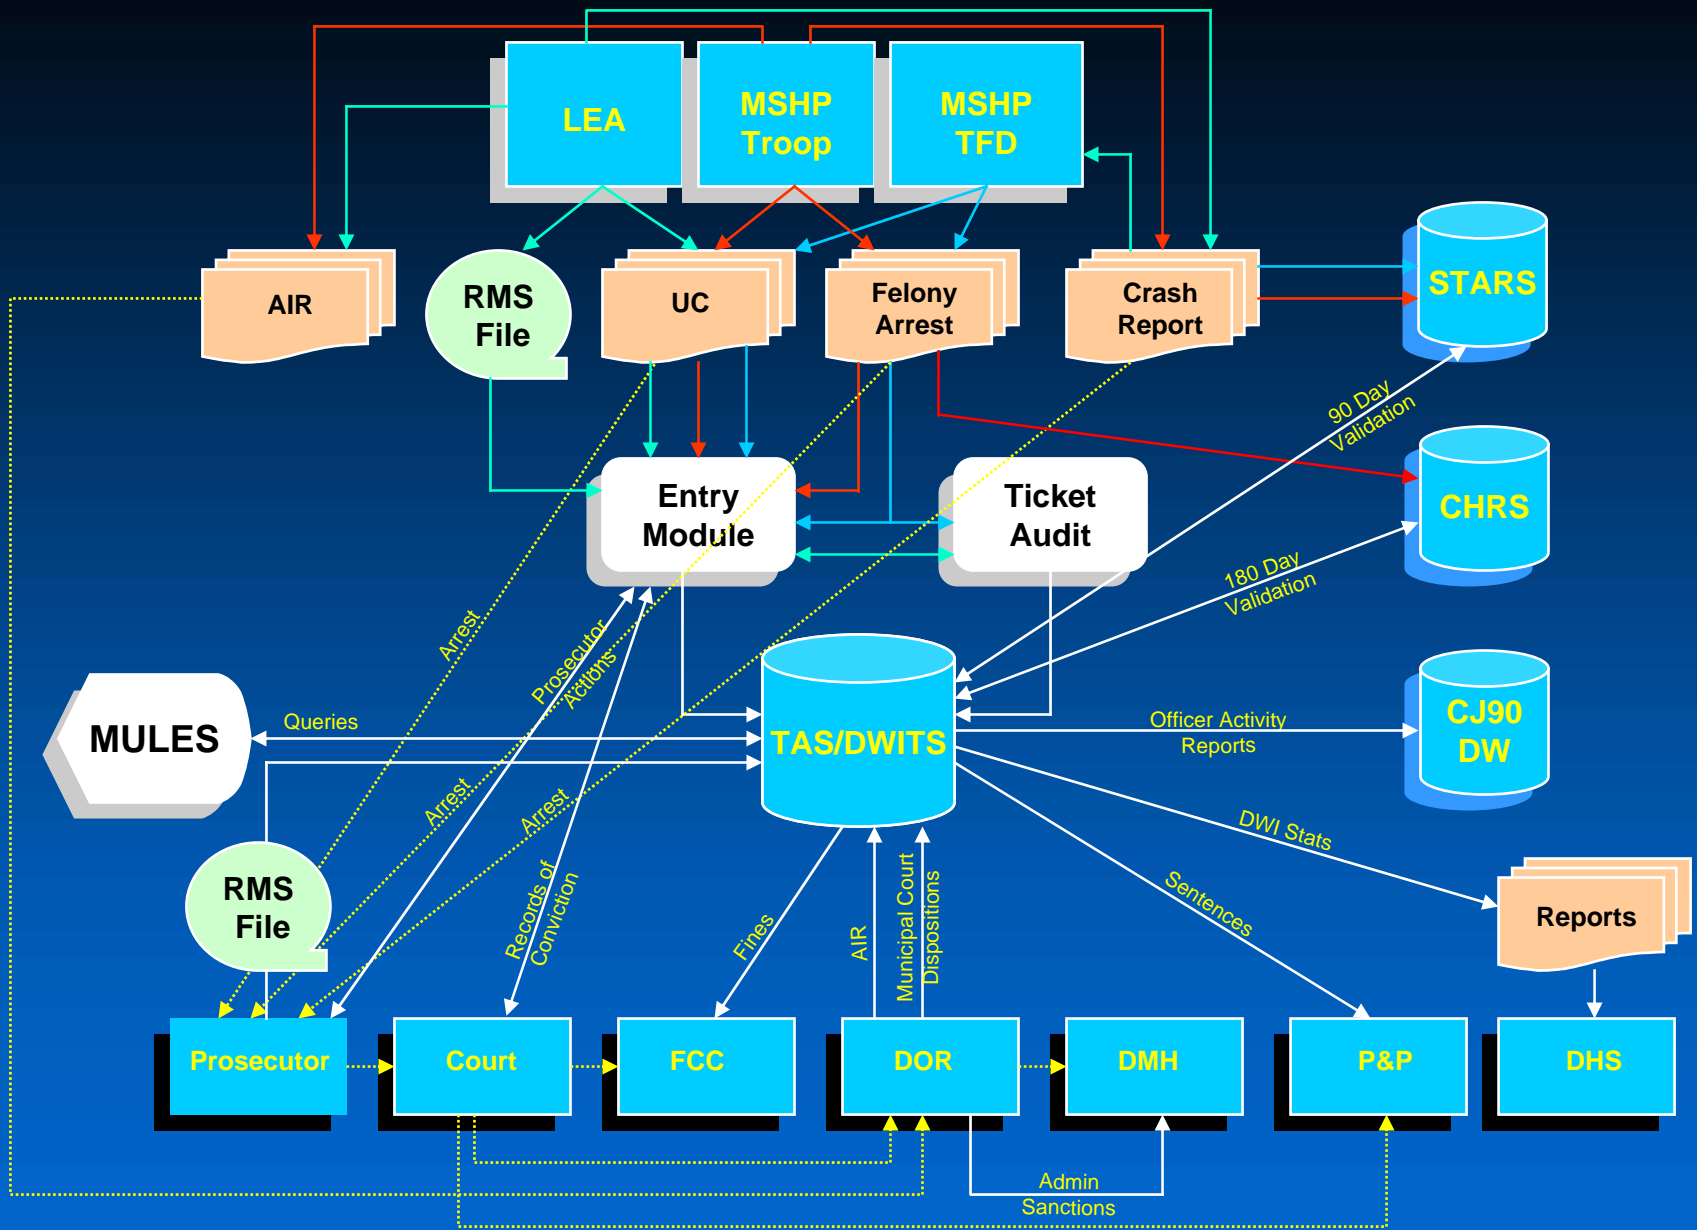

Additional Features

- Uniform Citation (UC) Online Ordering
- Uniform Citation Auditing
- MSHP Traffic Arrest System (TAS)

Missouri State Highway Patrol TRAFFIC ARREST SYSTEM / DWI TRACKING SYSTEM CONFIDENTIALITY COMPLIANCE STATEMENT

System users have access to information that is considered privacy protected, sensitive, and / or classified. You are responsible for properly accessing and / or disseminating data obtained from the Traffic Arrest System / DWI Tracking System (hereinafter referred to as TAS / DWITS). Limitations for the use of restricted material is stipulated in several documents, including the Revised Statutes of Missouri. The following list highlights some of the standards pertaining to TAS / DWITS access and system responses.

1. As a TAS / DWITS user you may make authorized transactions necessary to fulfill requests of the officers you serve or to fulfill your authorized duties as an employee of a criminal justice agency.
2. Information obtained via TAS / DWITS may not be used for any purpose outside the criminal justice activities of your agency and the agencies served. Because dissemination logs are automatically recorded for TAS / DWITS data obtained from MULES queries, you will use MULES queries for information to be disseminated outside of your agency or agencies served. If data obtained directly from TAS / DWITS is disseminated, you are responsible for maintaining a log of these. Because only the MSHP Traffic Records Division is allowed to disseminate archived information, you should contact this agency for dissemination of such information.
3. You may not disclose information properly obtained from TAS / DWITS for any purpose other than the criminal justice purpose for which it was obtained.
4. Severe criminal penalties and civil liabilities may result from misuse of the restricted information obtained from TAS/DWITS
