

Traffic Records Forum - Denver, CO 2022

www.ATSIP.org

Sunday, August 7th

Time	Colorado A/B	Colorado C/D	Colorado G/H	Colorado I/J	Exhibit Hall
9:00 AM	ATSIP Board Meeting (Closed Session) - Colorado C/D				
1:00 PM	ANSI D.16 Update - Colorado C/D				
6:00 PM	Evening Reception in Exhibit Hall -120 Minutes - Denver Ballroom				

Monday, August 8th

Time	Colorado A/B	Colorado C/D	Colorado G/H	Colorado I/J	Exhibit Hall
7:30 AM	Morning Refreshments in Exhibit Hall - 60 minutes - Denver Ballroom				
8:30 AM	Opening Plenary - 90 minutes - Colorado E/F				
10:00 AM	Break - 15 minutes				
10:15 AM	Advancing safety through collection of Traffic Incident Management (TIM) Data in crash reporting systems Grady Carrick 60 minutes	Alabama Safety Portal: Crash Analysis and Visualization Tool Jesse Norris 30 minutes	The Roadway Data Improvement Program (RDIP): Opportunities and Challenges Omar Smadi 30 minutes	TRCC Roundtable #1: Data Inventories and Data Governance Karla Houston / Luke Johnson 90 minutes	
		Puerto Rico Road Safety Observatory Demo and Lessons Learned Kenneth Velez 30 minutes	Multiresolution networks for traffic records and safety data: Transforming the interconnection between OpenStreetMap researchers and city planners Mohammad Abbasi 30 minutes		
		Connected Work Zone Device Data from Low Cost Components and Simple Architecture Glenn Vorhes 30 minutes	Integrating Louisiana Safety Systems with Esri R&H to support Crash Data Collection Jason Carr 30 minutes		
11:45 AM	Luncheon Program - 90 minutes - Colorado E/F				

1:15 PM	Utilizing Drones Traffic Crash Investigations to Improve Investigations and Data Collection Adam Hyde 60 minutes	Let Me Count the Ways -- A Workshop Creating Performance Measures Bob Scopatz 90 minutes	Nebraska Transportation Information Portal (NTIP) - One State's approach to automatically Generating Vehicle Crash Diagrams Sean Owings 30 minutes	Improving Vulnerable Road User Data Collection at NHTSA Rajesh Subramanian 45 minutes	
	Partnership for Analytics Research in Traffic Safety: Advancing our Understanding of Driver Assistance and Automated Driving Systems with PARTS Chou-Lin Chen 30 minutes		Crash Query Tool Demo Jason Hines 30 minutes	The Road Now Taken – Advances in Roadway Data from FHWA Sarah Pascual 45 minutes	
			Slicing and Dicing your crash data Sandy Aragon 30 minutes		
2:45 PM	Networking and Refreshments in Exhibit Hall - 30 minutes - Denver Ballroom				
3:15 PM	Accessing and Understanding NCSA and FMCSA Data tools Umesh Shankar 60 minutes	Best Practices Investigating the Most Harmful Roadways Kartik Kaushik	Electronic Citation and Adjudication of Traffic Offenses: Promoting Behavior Modification for Adjudicators, Prosecutors and Law Enforcement Stacey Manware 60 minutes	GO Teams Data Integration & Governance Technical Assistance Tom Bragan 60 minutes	
		Predicting Traffic Crashes in Maryland: The Effect of Enforcement Huiyuan Liu	Drug Toxicology Among Fatal and Non-fatally injured Occupants of Motor Vehicle Crashes in New York State (NYS) Emilia Pawlowski 30 minutes	Supporting Data-Driven Road Safety Management with the Pedestrian and Bicycle Crash Analysis Tool (PBCAT) Carol Tan 30 minutes	
4:45 PM	Break - 15 minutes				
5:00 PM	DOT/TRCC Town Hall - Chou-Lin Chen/Luke Johnson - 60 Minutes - Colorado E/F				
6:00 PM	Closed Session for CDOT - Colorado C/D				

Tuesday, August 9th

Time	Colorado A/B	Colorado C/D	Colorado G/H	Colorado I/J	Exhibit Hall
7:30 AM	Morning Refreshments in Exhibit Hall - 60 minutes - Denver Ballroom				
8:30 AM	Plenary: Nadia Anderson - Colorado E/F				
9:30 AM	Break - 15 minutes				
9:45 AM	Data Visualization Connecticut Behavioral Safety Tool: Advancing the Behavioral Safety Analytics Capabilities for the CTDOT Kai Wang	Utilizing a Universally Unique Identifier (UUID) for EMS Data Linkage N. Clay Mann 60 minutes	FHWA's VIN & Licensed Driver Data Pilot Project Allison Weber 30 minutes	TRCC Coordinator Assistance and Strategic Planning Tom Bragan 60 minutes	
	Crash Data Analysis Tool (CDAT) - Advancing State of the Art Analysis and Data Sharing Eric Green Improving Timeliness of CDL Conviction Reporting through Better Data Accessibility Asher Lucas		National Driver Register Problem Driver Pointer System Frank Subalusky 30 minutes		
10:45 AM	Break - 15 minutes				
11:00 AM	ATSIP Annual Meeting - 60 Minutes - Colorado C/D				
11:00 AM	If not attending the ATSIP Annual Meeting, please visit our sponsors and exhibitors.				
12:00 PM	Luncheon Program - - 90 Minutes - Colorado E/F				
1:30 PM	Data Integration Roundtable #1 Vaughn Barry/Luke Johnson 60 minutes	EMS Response to MVC-Related Injuries Julianne Ehlers 60 minutes	Driving Toward Equity: How to leverage departmental traffic data to address racial disparities in police contact Charlotte Resing 30 minutes	Traffic Safety and the Bipartisan Infrastructure Law Chou-Lin Chen 60 minutes	
			Richmond's Impaired Driver Action Plan Eric Tang 30 minutes		
2:30 PM	Break - 15 minutes				

2:45 PM	Multi-State Sharing of Traffic Safety Data A Framework and Lessons Learned Jeremy Pate 20 minutes	EMS Data to Improve Post-Crash Care Eric Chaney 60 minutes	Data Sharing and Integration - The future of State electronic data collection Liza Lemaster-Sandbank 60 minutes	Better Understanding Highway Safety by Merging Different Crash and Safety Infrastructure Data Sources Marc Starnes 60 minutes	
	Improving Secondary Crash Data Accuracy Andi Bill 20 minutes				
	Analyzing Injury Severity Assessments by Law Enforcement Officers Andi Bill 20 minutes				
3:45 PM	Break Ice Cream and Puppies - Sponsored By SmartStart Inc. 30 minutes - Denver Ballroom				
4:15 PM	Measuring Effectiveness of the TN Motorcycle Rider Education Program Arielle Shapiro 30 minutes	Impaired Driving Trends and Solutions: Recommendations of the NTSB Ryan Smith 30 minutes	Pattern Recognition Analysis – There’s an App for That Michael Allen 20 minutes	State TRCC Roundtable 2: Performance Measures Karla Houston/Luke Johnson 90 minutes	
	Nevada Non-Adjudicated Distracted Driving Citations from 2018-2021: A descriptive analysis Emily Strickler 30 minutes	Making cautious observations about impaired driving based on Fatality Analysis Reporting Systems (FARS) data. Ivan Cheung 30 minutes	The State Data System: A Patchwork Treasure Trove of Crash Data Steve Jackson 20 minutes		
	High-risk teenage drivers continue with risky behavior as adults Komal Bhagat 30 minutes	Drug Testing and Traffic Safety: What You Need to Know Amy Berning 30 minutes	Examining the Unique Crash Patterns of Drivers who Repeatedly Crash in Texas Mahin Ramezani 20 minutes		
		Drug and Alcohol Prevalence in Seriously and Fatality Injured Road Users in the United States: Update on Interim Results Amy Berning	Traffic Injury: Are You Serious? Anna Gaichas 20 minutes		
5:45 PM	Make Way to Baseball Game				
6:40 PM	Rockies Baseball Game Outing - Coors Field, 2001 Blake Street, Denver, 80205				

Wednesday, August 10th

Time	Colorado A/B	Colorado C/D	Colorado G/H	Colorado I/J
7:30 AM	Morning Refreshments at Registration Lobby - 60 minutes			
8:30 AM	Plenary: FBI DUI Task Force - Colorado E/F			
9:30 AM	Break - 15 minutes			
9:45 AM	Vision Zero: Red-Light Cameras and Changes to Left Turn Phasing Mike Sweeney 45 minutes	Bridging the Gap – from Crash Data Input to Useful Databases Joe Olson 30 minutes	Identifying and ranking Safety Critical Intersections and Segments Utilizing Safety Performance Functions Predictive Methods Hossein Naraghi 45 minutes	Choose Your Own Adventure : Beyond Traffic Records Assessments John Siegler 30 minutes
		Improvement of Roundabout Crash Report Traffic Control Identification Andi Bill 30 minutes		MMUCC 6th Edition Updates Joanna Reed 30 minutes
	FARS Data and Alcohol Imputation: From a State's Perspective What it is and What it is not Staci Hoff 45 minutes	A Framework for Proactive Safety Evaluation of Intersection Using Surrogate Safety Measures and Non-Compliance Behavior Mohammad Jalayer 30 minutes	E-Scooter Crashes: High Impairment, High Cost, and High-Energy Trauma Roumen Vesselinov 45 minutes	Development of a Data Science Laboratory at FHWA James Pol 30 minutes
11:15 AM	Refreshment Break in Registration Lobby - 15 minutes			
11:30 AM	Traffic Fatality Data in Washington State: A Demonstration of Power BI Dashboards Max Roberts 60 minutes	Cost of Non-Fatal Motor Vehicle Crash Injury in Older Adults Roumen Vesselinov 30 minutes	A Novel Approach of Deep Learning Model in Detection of Distracted Drivers in New Jersey Mohammed Jalayer 30 minutes	Data Integration Roundtable #2 Vaughn Barry/Luke Johnson 60 minutes

		The Denver region's new crash data consortium Jenny Wallace 30 minutes	Creating a data dictionary for Iowa's Enhanced Medical Referral and Evaluation Management System (EMREMS) using Mail Merge Hailey Zugg 30 minutes	
12:30 PM	Break - 5 minutes			
12:35 PM	Closing Session - ATSIP President - 25 minutes - Colorado E/F
